BE IT ORDAINED AND ENACTED BY THE BOROUGH COUNCIL OF THE BOROUGH OF BRADLEY BEACH, IN THE COUNTY OF MONMOUTH, STATE OF NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring) **AS FOLLOWS:**

SECTION 1. The improvements or purposes described in Section 3 of this bond ordinance are hereby authorized as general improvements or purposes to be undertaken by the Borough of Bradley Beach, in the County of Monmouth, State of New Jersey (the "Borough"). For the said improvements or purposes stated in Section 3 hereof, there is hereby appropriated the sum of \$337,000, said sum being inclusive of a \$210,000 grant received or expected to be received from the New Jersey Department of Transportation (the "Grant") and a down payment in the amount of \$6,350 now available for said improvements or purposes as required by the Local Bond Law, as amended and supplemented (N.J.S.A. § 40A:2-1 et seq.) (the "Local Bond Law"). Said down payment is now available therefor by virtue of a provision or provisions in a previously adopted budget or budgets of the Borough for down payment or for capital improvement purposes.

SECTION 2. For the financing of said improvements or purposes described in Section 3 hereof and to meet the part of said \$337,000 appropriation not provided for by application hereunder of the Grant or said down payment, negotiable bonds of the Borough are hereby authorized to be issued in the principal amount of \$120,650 pursuant to the Local Bond Law. In anticipation of the issuance of said bonds and to temporarily finance said improvements or purposes, negotiable notes of the Borough in a principal amount not exceeding \$120,650 are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

SECTION 3. (a) The improvements hereby authorized and purposes for the financing of which said bonds or notes are to be issued are various 2010 roadway improvements to various roads, including but not limited to, Fletcher Lake Avenue from Second Avenue to Lake Terrace, such improvements shall include but are not limited to, as applicable, milling, paving, reconstruction and resurfacing the roadways, the repairing and/or installation of curbs, sidewalks and driveway aprons, drainage work, roadway painting, landscaping and aesthetic improvements, and also including all engineering and design work, surveying, construction planning, preparation of plans and specifications, permits, bid documents, construction inspection and contract administration, and all work, materials, equipment, labor and appurtenances necessary therefor or incidental thereto.

(b) The estimated maximum amount of bonds or notes to be issued for said improvements or purposes is \$120,650.

(c) The estimated cost of said improvements or purposes is \$337,000, the excess thereof over the said estimated maximum amount of bonds or notes to be

issued therefor is the Grant in the amount of \$210,000 and the down payment in the amount of \$6,350 available for such improvements or purposes.

SECTION 4. Except for the Grant, in the event the United States of America, the State of New Jersey, and/or the County of Monmouth make a contribution or grant in aid to the Borough, for the improvement and purpose authorized hereby and the same shall be received by the Borough prior to the issuance of the bonds or notes authorized in Section 2 hereof, then the amount of such bonds or notes to be issued shall be reduced by the amount so received from the United States of America, the State of New Jersey and/or the County of Monmouth. Except for the Grant, in the event, however, that any amount so contributed or granted by the United States of America, the State of New Jersey and/or the County of Monmouth, shall be received by the Borough after the issuance of the bonds or notes authorized in Section 2 hereof, then such funds shall be applied to the payment of the bonds or notes so issued and shall be used for no other purpose. This Section 4 shall not apply, however, with respect to any contribution or grant in aid received by the Borough as a result of using funds from this bond ordinance as “matching local funds” to receive such contribution or grant in aid.

SECTION 5. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the Chief Financial Officer of the Borough, provided that no note shall mature later than one (1) year from its date or otherwise authorized by the Local Bond Law. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with the notes issued pursuant to this bond ordinance, and the signature of the Chief Financial Officer upon the notes shall be

conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time in accordance with the provisions of the Local Bond Law. The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchaser thereof upon receipt of payment of the purchase price and accrued interest thereon from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this bond ordinance is made. Such report must include the principal amount, the description, the interest rate, and the maturity schedule of the notes so sold, the price obtained and the name of the purchaser.

SECTION 6. The Capital Budget of the Borough is hereby amended to conform with the provisions of this bond ordinance to the extent of any inconsistency herewith. In the event of any such inconsistency, a resolution in the form promulgated by the Local Finance Board showing full detail of the amended Capital Budget and capital programs as approved by the Director of the Division of Local Government Services, New Jersey Department of Community Affairs will be on file in the office of the Clerk and will be available for public inspection.

SECTION 7. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not current expenses and are improvements or purposes which the Borough may lawfully undertake as general improvements or purposes, and no part of the

cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The average period of usefulness of said improvements or purposes within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the said bonds authorized by this bond ordinance, is twenty (20) years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the Office of the Clerk of the Borough and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services, New Jersey Department of Community Affairs, and such statement shows that the gross debt of the Borough as defined in the Local Bond Law is increased by the authorization of the bonds or notes provided for in this bond ordinance by \$120,650 and the said bonds or notes authorized by this bond ordinance will be within all debt limitations prescribed by said Local Bond Law.

(d) An aggregate amount not exceeding \$50,875 for items of expense listed in and permitted under section 20 of the Local Bond Law is included in the estimated cost indicated herein for the purpose or improvement hereinbefore described.

SECTION 8. The full faith and credit of the Borough are hereby pledged to the punctual payment of the principal of and the interest on the bonds or notes authorized by this bond ordinance. The bonds or notes shall be direct, unlimited obligations of the Borough, and the Borough shall be obligated to levy *ad valorem* taxes upon all the taxable real property within the Borough for the payment of the bonds or notes and the interest thereon without limitation as to rate or amount.

SECTION 9. The Borough reasonably expects to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof and paid prior to the issuance of any bonds or notes authorized by this bond ordinance with the proceeds of such bonds or notes. This Section 9 is intended to be and hereby is a declaration of the Borough's official intent to reimburse any expenditures toward the costs of the improvements or purposes described in Section 3 hereof to be incurred and paid prior to the issuance of bonds or notes authorized herein in accordance with Treasury Regulations §1.150-2. No reimbursement allocation will employ an “abusive arbitrage device” under Treasury Regulations §1.148-10 to avoid the arbitrage restrictions or to avoid the restrictions under Sections 142 through 147, inclusive, of the Internal Revenue Code of 1986, as amended (the “Code”). The proceeds of any bonds or notes authorized herein used to reimburse the Borough for costs of the improvements or purposes described in Section 3 hereof, or funds corresponding to such amounts, will not be used in a manner that results in the creation of “replacement proceeds”, including “sinking funds”, “pledged funds” or funds subject to a “negative pledge” (as such terms are defined in Treasury Regulations §1.148-1), of any bonds or notes authorized herein or another issue of debt obligations of the Borough other than amounts deposited into a “bona fide debt service fund” (as defined in Treasury Regulations §1.148-1). The bonds or notes authorized herein to reimburse the Borough for any expenditures toward the costs of the improvements or purposes described in Section 3 hereof will be issued in an amount not to exceed \$120,650. The costs to be reimbursed with the proceeds of the bonds or notes authorized herein will be "capital expenditures" in accordance with the meaning of section 150 of the Code. All reimbursement allocations will occur not later than eighteen

(18) months after the later of (i) the date the expenditure from a source other than any bonds or notes authorized herein is paid, or (ii) the date the improvements or purposes described in Section 3 hereof is "placed in service" (within the meaning of Treasury Regulations §1.150-2) or abandoned, but in no event more than three (3) years after the expenditure is paid.

SECTION 10. The Borough covenants to maintain the exclusion from gross income under section 103(a) of the Code of the interest on all bonds and notes issued under this ordinance.

SECTION 11. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption and approval by the Mayor, as provided by the Local Bond Law.

Present: Council: Cotler, D'Angelo, Engelstad, Galassetti

Secretary: Municipal Clerk Mary Ann Solinski

DISCUSSION ITEMS

Mayor Schreck explained that State mandated changes are necessary to the 2010 Municipal Budget based on a decision made by a former Deputy Attorney General. The mandate increases Library funding by \$134,000 to a budget appropriation of \$392,692.74 for 2010 which is based on state law requiring public libraries to receive 115 percent of the previous year's spending. The Mayor explained that the funds will come from the bond reserve account and a new law permitting retired employees' unused sick days to be paid over a period of five years. The Borough will need to increase the tax levy by \$61,724.93 this year resulting in an average homeowner increase of approximately \$174.00.

There were Special Parking Permits submitted for approval. Councilman D'Angelo requested Council to reconsider prior denial for 409 Hammond Avenue as the resident is on dialysis although there is a driveway at the location. Mayor Schreck noted that others have been

denied because the individuals also have driveways. Council agreed to table action on 1107 ½ Ocean Avenue and 106 Park Place Avenue.

Councilman Galassetti recommended several Beachfront Improvements including repairs to the miniature golf course, kiddie rides, water/splash park and more concession facilities noting that the Borough cannot continue to raise beach badge prices as it will discourage people from going to the beach. He recommended that Council have a special meeting after Labor Day to begin making plans for the next summer season.

Councilman D'Angelo agreed that kiddie rides would be a great start because it will attract family oriented people and bring immediate revenues noting that it would be inexpensive and that there is a lot of property at the north end beachfront.

Councilman Engelstad noted that residents who live along the beachfront should be invited to discuss the proposed changes as they bought beachfront property and should have a say in any potential changes.

Councilman Cotler stated that he has spoken with Good Sports (a company which previously expressed an interest in improving and leasing the golf course) and that have expressed interest in a ten year concession lease. He noted that he realizes the Borough will have to investigate any CAFRA permits required for any type of improvement along the beachfront. Mr. Cotler also requested that the infrastructure (water, sewerage, electrical etc) at the beachfront be reviewed before any improvements commence.

Councilman Cotler also proposed having brainstorm council sessions on the 1st Tuesday of the month to discuss ideas and have input. Councilman Engelstad agreed but said that legal obligations must be met and suggested once a month or once every other month.

Mayor Schreck announced that she has received a couple of letters from beachgoers thanking the Borough for placing the Mobi Mats on Evergreen Avenue. Another discussion ensued regarding the placement of the mats on Second Avenue. Councilman Cotler proposed that he personally will pay to have a contractor build any ramp necessary for the placement of the mats at the Second Avenue beach as he feels donations were made with the understanding that the mats which were purchased would be placed on the Second Avenue Beach. The Mayor suggested that the Borough can always return the money to the patrons. Councilman Galassetti expressed concern about the Borough's liability when work is done without professional engineering review and design. He said that he would only agree with placement of the mats at the Second Avenue beach upon recommendation of the Borough Engineer.

Items deleted or added to the Agenda

On motion by Schreck/D'Angelo to omit a discussion on changing Fletcher Lake Avenue to a one way street as the requestor has withdrawn her letter.

PUBLIC COMMENTS ON AGENDA ITEMS

Harvey Rosenberg congratulated Council and encouraged them to work as a team. He noted that the Board of Education gave 2% increases to employees after Council reduced the defeated School Budget only by \$10,000.00 and cautioned Council to be careful with future decisions.

Marilyn Rosen suggested that the Borough check with the Borough of Belmar on how Belmar handled placement of the mobi mats in an effort to save monies paid to professional staff.

She also asked if the workshop meetings will be open to the public. Mayor Schreck responded yes.

Juli Rand noting that she understands Mrs. Rosen and that promises were made said that she visited Evergreen Avenue and agrees that Evergreen is the right choice for placement of the mats.
